THE UNIVERSITY OF NAIROBI HOUSING POLICY

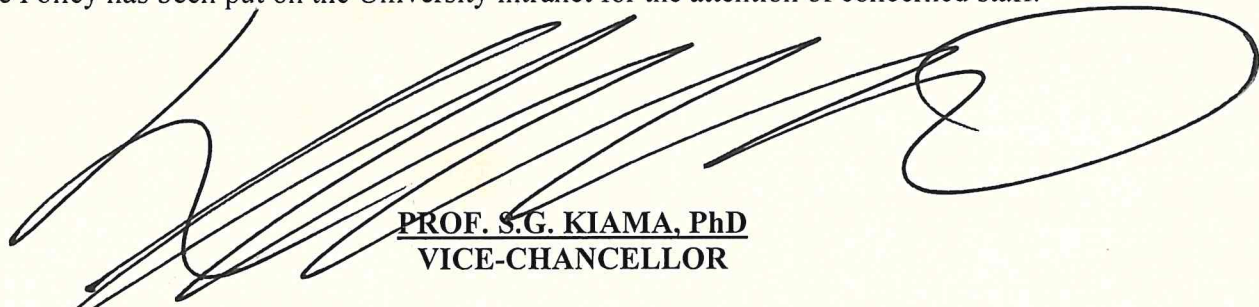

The University has developed a Housing Policy to guide in the proper management of staff houses.

The Policy has been developed in line with the University's vision, mission, core values and mandate. The Policy provides a framework for the efficient, effective and sustainable management of staff houses. It seeks to comply with the national legislation on the management and the administration of public sector staff housing.

The Policy covers the management of staff housing in matters relating to the provision and allocation of University housing and surrender of staff houses, and all matters touching on members of staff accommodated in University housing during the course of their service.

The Policy has now been approved by the University Council for implementation by the University Management through the Estates Department. Any queries regarding the Policy may be addressed to the Deputy Vice-Chancellor (Human Resource and Administration).

The Policy has been put on the University intranet for the attention of concerned staff.
